Sir:

RESPONSE TO RESTRICTION REQUIREMENT

This is a response to the office action mailed October 2, 2008. The October 2, 2008 office action is silent as to the period for response, in that the PTOL-326 form accompanying the office action was not completed, and mentions a reply period of “_____ months”. Applicants have assumed that the Examiner intended to set a shortened statutory period expiring one month from the date of mailing, i.e., November 2, 2008.

The office action is a restriction requirement. Please enter the following response in the above-identified patent application.
